RAILWAY EXECUTIVES MAKE ANNOUNCEMENT IN CHICAGO FRIDAY

REFUSE REQUEST OF UNION HEADS

Issue Statement Saying Further Rate Reduction Without Decrease in Wages Would Throw Roads Into Bankruptcy—Union Leaders Refuse to Discuss the Situation

(By The Associated Press)
CHICAGO, Oct. 14.—Representatives of the nation's railways tonight announced that they would immediately seek a new reduction in employees' wages and rejected a request from the unions that the matter be postponed temporarily.
At the same time the executives declared that while future wage reductions would result in lowered rates, to change the present rates, until such further wage reductions have been granted by the United States Railroad Labor Board would throw them into bankruptcy.
These announcements from the roads followed statements by the railway unions that 80 per cent of their men had voted to strike rather than accept an already authorized wage cut of approximately 12½ per cent.
The position of the roads was made public following a meeting of the Association of Railway Executives called to consider possible rate reductions. At this meeting a request from the unions that committees of five from each side confer was accepted.

SIN BATTLE IN IOWA RESULTS IN TWO DEATHS

Officers Batt' With Gang of Suspected Thieves

(By The Associated Press)
COUNCIL BLUFFS, Iowa, Oct. 14.—Two men were killed, two others wounded, one of them probably fatally, during an attempt of officers late this afternoon to arrest a gang of suspected box car robbers and bootleggers four miles northeast of this city. The dead: Special Officer Murray, of the Northwestern Railroad at Norfolk, Neb.
One of the suspected bandits, name unknown.
Wounded:
A suspect, gives the name of George Moore, Lincoln, Neb.; shot thru groin, probably fatally.
Police Officer Elmer Lane, of this city, shot thru the breast and neck; may recover.
Murray and two other special Northwestern railroad men, N. W. Morgan and L. Jones; Prohibition Enforcement Officer Sumner Knox and Officer Elmer Lane entered the house and had disarmed several men they found there. Murray was guarding four of the men in one room. In another room a man and woman were being guarded by Lane when the woman handed a pistol to her companion who opened fire. The first bullet went thru the door killing Murray. Lane was shot next but as he fell, he killed the bandit. The woman escaped thru a window and joined the men Murray had been guarding. As the party fled one of the bandits was shot and captured. His companion and the woman, however, escaped to the hills.

BUSINESS BEHIND GOVERNMENT IN MEX QUESTION

Thomas W. Lamont Says He Hopes to See Treaty Soon

(By The Associated Press)
MEXICO CITY, Oct. 14.—An intimation that the interests he represented solidly support the state department in Washington in its demand for the signing of a treaty of amity and commerce by Mexico prior to the United States according recognition to Mexico, was continued in an address made by Thomas W. Lamont at a luncheon at the American Chamber of Commerce today.
"Whatever form of expression the Mexican government takes to manifest its national attitude towards Americans (as indicated in President Obregon's public utterances) is not a matter of so much importance to American business men always provided that its declarations are of a character absolutely clear and explicit and capable of only one interpretation by honorable men," said Mr. Lamont.
"If such should prove to be the case, then indeed the clouds which I already can see breaking away on both sides will be completely dissipated. Then all cause for misunderstanding between these two sister republics will have been removed once for all; then as neighbors and friends we can count for generations to come upon undisturbed harmony and good will."
Referring to his mission in Mexico, Mr. Lamont said it obviously would be improper to discuss this subject at this stage. He added:
"I am glad to testify that the members of the Mexican government show to me that they have a realization of the importance of the improving financial matters and that they have approached our discussion with great courtesy and in a spirit of candor and good will. And in turn I may be permitted to say that the interests I represent are animated with the liveliest desire to be of genuine service to Mexico."
Wish to Give Aid.
"It is with this object always in view that I have come from New York, in order, first to make it plain that the interests we represent and those of this government are in effect identical and, next, to offer to President Obregon and his associates such counsel and aid as we may possess."
Mr. Lamont prefaced his remarks with a reference to business conditions in the United States, saying:
"In a business way the United States has seen the worst of its troubles. I don't say we are all over them yet, but we have been through the depths of the valley of despair and are now beginning to creep up the slope again. Clearly it is up, not down. Our crops are good; the steel business, always an important index to the general trade is picking up, as Judge Cery told me the day I left for Mexico City, and railroad earnings are improving. All these indications are favorable and I believe before the end of the year we shall have gone forward far enough to be able to look back at last spring and summer and confidently say 'yes, it was the roughest part of the road.'"
"Loudness has been drastic and painful and nobody can say it has been completed but we have gone far toward completion. Through all our critical troubles our banking system has proved itself sound and helpful and our federal reserve system has a bulwark of strength."

BODY OF KNOX AT PHILADELPHIA

PHILADELPHIA, Oct. 14.—The body of Senator Philander C. Knox, who died suddenly Wednesday night in Washington, arrived here late today. It was accompanied by his widow and other members of the family. The coffin of plain design with silver side bars was ornamented with a single wreath of rosebuds, the tribute of President and Mrs. Harding. Several hundred persons were at the station when the train arrived.
The body was taken by motor hearse to Valley Forge, the country home of Senator Knox, where funeral services will be held tomorrow.
Seattle, Wn., Oct. 14.—James E. Mahoney, convicted of first degree murder for slaying his wife, Kate M. Mahoney, and burying her body in a trunk in Lake Union here, was today sentenced to be hanged January 6.

Review of S Labor

(By The Associated Press)

SPRINGFIELD, Ill., Oct. 14.—Labor conditions in Illinois generally are much brighter than they have been, George B. Arnold, director of the State Department of Labor said this morning. The improvement, he added, is in no particular line, but is indicated by reports from various parts of the state.
In Springfield, however, the forecast was not so optimistic. There are still 8,000 workers idle in this vicinity, and while reopening of three large coal mines this week relieved 1,200 men, 1,000 others were put on half time by the curtailment of production by the Illinois Meter Works. The building trades have about ended their season, so the only cheerful prospect for the colder part of the year, is that the mines will run full force. There are between 2,000 and 3,000 miners idle here.

ROCK ISLAND, Ill., Oct. 14.—Representatives of civic and fraternal groups of Rock Island met this evening to discuss plans for the winter's unemployment situation. It is the first organized effort to handle a situation which has not reached an acute stage. Industries through the community have adjusted working conditions to protect old employees by part time employment.

MOLINE, Ill., Oct. 14.—Construction of a million dollar hotel, fifteen stories high, and other building activities, are absorbing some of the idle of Moline. Work in implement factories is practically at a standstill, and 2,500 are unemployed. A welfare bureau was organized this week and its budget calls for \$50,000 needed during the coming winter months to take care of those in destitute circumstances.

DECATUR, Ill., Oct. 14.—Unemployment in Decatur has been a problem here because of the amount of public work on a big dam and roads.
"There is unemployment," said a big contractor, "but it is largely due to the floating workmen who hear of the work here. There has been no more residents unemployed than in normal times."

AURORA, Ill., Oct. 14.—Aurora's biggest employer, the Burlington railroad shops, this week called back to work a men who had not been summoned before. This meant the employment of about 200 more shodmen as 800 who had been laid off since the Christmas holidays of 1920 had been put back to work in recent weeks. Because of increased traffic a number of trainmen and yardmen have also been put back to work within the last 10 days, bringing this phase of the Burlington employment practically to normal, that is, about 700 men.

JOLIET, Ill., Oct. 14.—Nearly 2,000 men have been given employment during the last three months in Joliet, according to Llewellyn Rogers, superintendent of the local branch of the Illinois Free Employment Bureau. At this time last year, there were over 7,000 job hunters on file in his office, he said, while today there are hardly 5,000. Chemical works, steel mills, automobile factories, railroads and farmers have been demanding men in growing numbers, according to the superintendent.

STATE TREASURER SHATTERS RECORD

(By The Associated Press)
SPRINGFIELD, Ill., Oct. 14.—Shattering all records of his predecessors State Treasurer Edward E. Miller today made public figures showing he had collected \$630,635.52 interest money in the first nine months of this year. Figures for each month, as announced by Mr. Miller are as follows:
January \$ 30,099.06
February 49,514.68
March 66,153.75
April 51,774.33
May 58,636.04
June 55,335.23
July 89,558.12
August 108,599.68
September 126,944.63
Totals \$630,635.52

SPECIAL RAILROAD AGENT ACQUITTED

Kansas City, Oct. 14.—William Buckner, a special railroad agent was acquitted of a charge of murder in connection with the killing of Clifford Rhea, a wealthy hog raiser by a jury in the Kansas City Kans. district court tonight. The jury has been out since noon. Buckner, admitted having fired the fatal shots but claimed that he acted in self defense.

recommits Siegel Bill to Census Committee by Close Vote

WASHINGTON, Oct. 14.—The house recorded its opposition tonight to any increase in its membership, recommending to the census committee by a vote of 146 to 142 the Siegel bill to increase its size from 435 to 460 members. The vote was taken on motion to recommit offered by Representative Fairchild of Indiana, a Republican member of the census committee after nine hours of debate and wrangling over parliamentary procedure.
Previous to recommitting the bill, the house rejected 140 to 144 an amendment by Representative Harbison, Republican, California, to authorize reapportionment without an increase in membership. Another amendment offered by New Representative Tinkham, of building has been started here during the last seven months, and the unemployment problem has not become acute. The associated charities reports few calls for assistance, due to unemployment. Aside from the railroad shops there are no large factories here.

GALESBURG, Ill., Oct. 14.—With the C. B. & Q. here again employing a full force, unemployment has dwindled until the situation is practically normal in this city. Farmers, eager to employ corn huskers, are unable to find men to work except at war-time wages. The city will soon start the laying of over two miles of water mains, and it is expected that this will absorb any of the remaining unemployed.

DIXON, Ill., Oct. 14.—With but one manufacturing establishment in the city closed and with a great deal of construction work going on here, the number of unemployed in Dixon is very small. The building operations at the Dixon State Colony and a large new theatre building here are furnishing employment to hundreds of men.

ROCKFORD, Ill., Oct. 14.—Rockford's furniture industries are employing as many men as they did a year ago. A number of the building industries are running three shifts. Conditions in the metal industries are not so good, but it is believed there is a tendency toward improvement. There is also a notable increase in the number of building permits. Employment conditions in Rockford are declared by the free employment bureau to have improved greatly. The bureau's last report showing only 97 applications to each one hundred jobs. Rockford was said to be the only city in Illinois to show a smaller number of registered idle than jobs offered during the past month.

PEORIA, Ill., Oct. 14.—Unemployment in Peoria and vicinity is steadily decreasing. Extensive operations resumed after the Landis decision, additional men put on at nearby mines, and the re-opening of the cordage works have aided in supplying places for the jobless. A paper bag manufacturing company has been running night and day for months. Demand of farmers for corn huskers has exceeded the supply, while many men are being employed on municipal jobs. Figures from the free employment bureau show a regular decline in unemployment since June. A further cut of 10 per cent is predicted for this month. Out of 800 applications for jobs, 300 were taken care of during the last 30 days.

QUINCY, Ill., Oct. 14.—At a meeting called by Mayor O'Brien last night, in response to the request of President Harding to consider the unemployment situation, reports were made showing that out of \$200 regular employees in Quincy, 3,100 are out of work. The meeting recommended public improvements as a means of relieving the situation.

STERLING, Ill., Oct. 14.—But few of Sterling's Rock Falls factories are operating and those which are working are doing so on very limited time. The number of unemployed here is greater than in many years past.

WILL PERFORM RITES FOR UNKNOWN SOLDIER

(By The Associated Press)
GLOVERSVILLE, N. Y., Oct. 14.—Rev. Francis A. Kelly, chaplain of the Twenty-seventh division during the war, and now pastor of Church of Sacred Heart, this city, has been named by Secretary of War Weeks to perform the ritual of the Catholic church at the ceremonies incident to the burial of the body of the unknown soldier at Arlington national cemetery Armistice day. Father Kelly was formerly national chaplain of the American Legion. The Right Rev. Charles H. Brent, chaplain in chief of the chaplains' corps overseas, and bishop of the Episcopal church, will conduct the Protestant services.

KANSAS MINERS VOTE TO UPHOLD ALEXANDER HOWAT

State Organization Divided and Bitter Struggle in Sight

(By The Associated Press)
PITTSBURG, Kans., Oct. 14.—Between 4,000 and 5,000 Kansas coal miners, meeting at Franklin last night, adopted resolutions upholding the administration of President Alexander M. Howat, suspended yesterday on order of John L. Lewis, president of the International Mine Workers' Union.
Resolutions also were adopted declining to recognize the provisional administration created under President Lewis' order to be headed by George L. Peck, local member of the international executive board and refusing to comply with instructions sent out today by Acting President Peck that all striking miners return to work immediately.
About 12,000 miners have been on voluntary strike over the commitment to jail recently of President Howat and August Dorchy, union vice president, for violating the criminal section of the state industrial court law. Howat and Dorchy are serving six months sentences in the Cherokee county jail at Columbus.
Supporters of the provisional regime asserted tonight that the Franklin meeting was attended only by friends of the suspended administration.
In the resolutions adopted at Franklin belief was expressed that to recognize the new administration would in effect be recognition of the industrial court.
The meeting voted to permit the return to work of those miners in Missouri under the jurisdiction of District No. 13, it being stated that it was Howat's desire that the fight be centered entirely in Kansas.

Bitter Struggle in Sight
Leaders in both camps were agreed tonight that a bitter struggle was in sight and none of them would predict the probable outcome.
Heads of the provisional organization were emphatic in stating that they expected to take charge of district affairs immediately and officials of the suspended body were equally emphatic in asserting that the new officers would never be recognized.

In an effort to forestall action said to be considered by Howat and his associates toward maintaining funds of the suspended organization intact, C. O. Pingrey, retained as legal counsel for the international representatives here tonight mailed to all banks in which are the funds, notices that checks signed by any member of the suspended organization should not be honored.
Thomas Harvey, secretary-treasurer under the old regime, was named as financial representative of the International Order of President Lewis suspending the district. All of the funds of the district are deposited in the name of Harvey, who also holds the checkbooks and other official records of the district.
An appeal to all labor unions in Kansas for financial aid in the support of an outlaw organization of miners, is contained in a circular letter signed by W. E. Frothingham, president of the state federation of labor which tomorrow will be mailed out of here by William Howe, secretary-treasurer of the state federation. The letter appeals for funds to continue the fight on the Kansas industrial court and contains the statement that the miners are entering into the fight at the beginning of winter empty handed and are without funds to carry on the fight "for all organized labor."

DON'T WANT DRAFT EVADERS TO ESCAPE

WASHINGTON, Oct. 14.—Measures to prevent escape from punishment of deserters or slackers under the draft law are provided in a war department bill introduced today by Senator Wadsworth, chairman of the senate military committee. Secretary Weeks wrote Senator Wadsworth that the deserters might escape as a result of the termination of the military emergency thru ratification of the German peace treaty and that legislation to extend jurisdiction over the deserters was desired.

PERSHING THANKS HOSPITAL OFFICIALS

Paris, Oct. 14.—General Pershing accompanied by Myron T. Herliok, thine American ambassador, today visited the American hospital Neuilly and thanked the officials for the care they have given officers and men in the service during and since the war.

ILLINOIS AWARDS BIG CONTRACT FOR HARD ROADS FRIDAY

Ninety Five Miles Are Let by Highway Officials by Direction of Governor Small—Is Largest Award of Road Work in History of State—New Low Price Recorded

(By The Associated Press)
SPRINGFIELD, Ill., Oct. 14.—Contracts for 95 miles of cement roads at a total cost of \$2,597,769 were awarded by state highway officials today at the direction of Governor Small. In today's letting a new low average figure of \$27,359 per mile was reached. This figure is for an eighteen foot roadway and includes the cost of cement and grading. The 95 miles of road work awarded today is the largest in the history of the state.

In addition to the paving contracts Governor Small awarded contracts for 72 miles of road grading at a cost of \$432,194 and 22 bridges at a total of \$440,189, bringing the total cost for all road work let today to \$3,471,154.

Since last February when he rejected bids averaging \$10,000 per mile and set a maximum figure of \$30,000 on road building, Governor Small has awarded contracts for 425 miles of concrete roads. According to highway reports, 341 miles of paving have been completed this year.

The total cost of road work for the year amounts to \$14,802,721. Col. C. R. Miller, director of public works commenting on the governor's awards today said:

"All records have been smashed by Governor Small in his fight for securing 'maximum mileage at minimum cost.' Had the 95 miles of road let today been let in February when a price of \$40,000 per mile was demanded of him, it would have cost the taxpayers \$3,500,000. The \$1,000,000 saved today is enough to build 39 miles more of roads."

"Had he not made his fight for equitable prices the entire 425 miles would have cost \$17,000,000. The saving of \$5,500,000 by the governor is sufficient to build 157 miles of concrete road."

The bids on which contracts were let today were opened October 4 on approximately 190 miles. Bids on 13 miles in Sangamon and Kankakee counties were rejected and bids on 79 miles are still pending. Frank T. Sheets, superintendent of highways, announced tonight that practically all of the pending mileage will eventually be let at approximately the average cost established today.

ADJOURNMENT OF CONFERENCE UNTIL MONDAY

Irish Delegates Return Home for the Weekend

(By The Associated Press)
LONDON, Oct. 14.—The adjournment today of the Irish conference until next Monday afternoon has no political significance it was understood tonight. The postponement of the sittings of the conference which aims at a solution of the Irish question was attributed by the Sinn Fein delegates to the Englishmen's passion for week-ending.

Some of the Irish delegates are taking advantage of the interval to visit Ireland in order to deal with what was described by the Sinn Fein publicity department as important departmental business. They will return Sunday night in ample time to attend the resumed session.

Considerable currency was given here today to a sensational report of the ordering of uniforms for the Irish Republican army and the formation of a company to come to London to escort the Daily Mail delegation back to Ireland upon conclusion of peace.

The story, however, was ridiculed by Sinn Fein leaders, who say no uniforming of the army is going on and that there is no question of any detachment coming to London at any time.
Since the truce there has been no interference by the military with the Irish Republican army, uniformed or not, and its existence has been officially recognized for true purposes with the cooperation of British officers of the Irish Republican army and the British army.

PRESIDENT THINKS RESULTS BENEFICIAL

WASHINGTON, Oct. 14.—President Harding told newspaper correspondents at their regular conference with him today that he regarded the results of the unemployment conference, which closed here yesterday, as very beneficial.

"The unemployment conference," said Mr. Harding, "has been rich rewards to the unemployed of this country."

The conference already has stimulated an interest in employment in many sections of the country. Samuel Gompers, president of the American federation of labor, said tonight in a statement.

The housing problem is still considered one worthy of serious consideration in Chicago, yet a recent survey has shown that there are more than 700 unoccupied apartments there. The report does not indicate whether these apartments are in bad repair or whether the owners are asking too high rentals.

Time slips along and the passage of a year or more makes remarkable changes in government and public organizations. This is forcibly emphasized in the case of the Illinois constitutional convention. Two members were elected from each senatorial district thruout the state. Since January,

1920, five of the members have died, the list including Mr. Conkling of Springfield, one of the two representatives from the district in which Morgan county is located. The loss of so many members has created a demand for a special election to fill the vacancies.

Mr. Dawes, to further assist in applying business methods to government affairs, has established traffic and specification boards which are expected to bring about definite economies. Whenever Mr. Dawes inaugurates something of this kind—the first thought that comes is—why hasn't it been done before?

Talking about unemployment conditions here in the United States gives emphasis to the condition in Germany, where not more than 400,000 men are said to be idle. No doubt they are all willing to work over there and feel the necessity.

Perhaps, after all, that is the best solution for unemployment—the willingness to work under the best conditions that are obtainable.

The Chicago Tribune campaign to popularize "knickers" for the young women of that city has not brought about any startling progress in this program of dress reform. There are knickers galore in the windows of the department stores and some of the tailoring establishments, but when it comes to the worn articles seen upon the street, the number is exceedingly small.

Northwestern university is to start a department for the education of policemen. Perhaps it is because such educational opportunities were not offered years ago that Chief Fitzmorris is now

charging that 50 per cent of the men in his department have yielded to the temptation for graft which the prohibition enforcement laws makes possible.

Canadian war veterans, have made a splendid showing with the lands that the government gave them in recognition of their war time services. The bonus plan was not tried but the veterans were allowed to acquire the lands under most favorable terms and provisions were made for financing their work.

The success of the Canadian effort has led to the suggestion that a like plan be worked out in this country. However, farming conditions—that is in the parts of the United States where free lands are available—are not alluring enough to attract the interest or enthusiasm of the ex-service men.

The average cost of the 85 miles of road for which Governor Small yesterday authorized contracts is \$27,359. Thus further evidence is furnished of the correctness of the governors position when several months since he refused to have road construction done unless the cost per mile did not exceed a limit of \$30,000.

Up to that time the bids had ranged around \$40,000 a mile. The stand taken has saved the people of the state millions of dollars and made possible the construction of many miles of additional roads.

Of all the "special" weeks that have been designated in these recent months, "better dancing week" is the best of all. Such a storm of protest has come from people of all ages and conditions against some of the dances now prevalent that a reform wave for the good old days of the waltz and two-step is under way.

The dancing masters of the cities, thoroughly approve of better dancing week and are heartily in accord with the movement which purposes the needed reform.

GAS COMPANY LAYS MANY SERVICE MAINS

A large force of men in the employ of the local gas company, have been busy for some time putting in new gas services on various streets and appliances to improve the gas pressure. Much of this renewal of service work is being done on streets where new pavement has not as yet been laid. This is being done so that it will not be necessary to put in new pipes for many years and thus, not disturb the new pavement. When the pavement has to be taken up it is done under the supervision of the city or by city employees. The foremen in charge of the work going on at present are W. R. Williams and G. A. Oglesby.

Mrs. Neal Sorrells has hosted to members of the Clio circle of the Literberry Christian church at her home near Literberry Friday afternoon. The attendance was large, a number of guests being among those present. The program of the afternoon was as follows:
Scripture reading—Miss Wilma Petefish.
Prayer—Mrs. Orville Crum.
Reading—Miss Emma Johnson.
Reading—Miss Edith Petefish.
At the business session, plans were discussed for the annual open meeting, which is to be held next Friday evening, October 21, at the home of Mrs. Fred Henderson. Plans were also talked over for the annual Thanksgiving supper which will be served in cafeteria style in the church basement, November 10.

Following the business meeting and program, came a delightful social hour, when the hostess served refreshments. The circle will have its next regular meeting at the home of Mrs. Thomas Pierce on November 11.

PARENT-TEACHERS AT DAVID PRINCE

Mr. Findley Gave Review of Y. M. C. A. Work—The Importance of Junior High School Work Emphasized by Mr. Perrin.

A well attended session of the Parent-Teachers association of the David Prince school was held Friday night. Mrs. W. D. Roberts, who is president of the association, presided and introduced the persons who took part in the program. The opening number was a group of songs by Mrs. Forrest of the faculty of the College of Music, with Miss Melus serving as accompanist.

J. S. Findley, secretary of the Y. M. C. A., was the first speaker and made a very informing talk upon the Y. M. C. A. organization. Mr. Findley told the story of the founding of the organization but gave most details with reference to the local association. He told how it was founded, explaining that for a number of years only religious work was carried on, and then came the development with the addition of gymnasium facilities. The speaker then related the circumstances which made it advisable to dispose of the building and to purchase the properties now owned.

Mr. Findley talked in a frank way of the plans of the association and the expectation that a building will be erected just as soon as the situation is a little more favorable for a building project.

H. A. Perrin, superintendent of the Jacksonville schools, was the next speaker. Mr. Perrin considered in a very brief way the evolution of the junior high school and explained something of its purposes.

He said that the junior high school age is vital and that in the lower grades the tools of study are furnished the boys and girls and they begin to use them in the junior high school. Then he explained some of the fundamental differences between the methods used now in such a school and those employed years ago when the pupils merely studied books and relied on those things that they found in them.

The wish now is to inspire in children an enthusiasm for investigation and for the association of facts. For example, in learning about Minneapolis, the name and location are not merely impressed upon the boys and girls, but they are led to understand something about the surrounding territory, the great wheat producing area and the natural development of the milling business that has resulted in that city.

Mr. Perrin, as indicated, considered the junior high school age as vital and says if the pupils do not form study habits then they are lacking in their ability to teach themselves in all the after years.

The program concluded with a solo by Miss Helen Sorrells, with Mrs. Forward as accompanist. A social hour followed the very interesting program.

Mrs. G. R. Bradley and Mrs. Owen Graff assisted by others arranged for the social hour and the refreshments that were served.

MODIFY FOREIGN LOAN FUNDING BILL

WASHINGTON, Oct. 14.—Modification of the administration's foreign loan funding bill, so as to place the funding operations under the jurisdiction of a special commission was agreed to by Secretary Mellon today in a letter sent to the house ways and means committee with the approval of President Harding.

The revised measure as suggested in the secretary's letter would follow in some respects the changes already contemplated by house leaders. Instead of giving supreme authority to the treasury secretary for refunding the loans, the new administration plan would entrust the task to a commission of five members, one of whom would be the secretary.

The other four would be named by the president with the provision that any nominee who is not a cabinet member might be confirmed by the senate.

It is understood that administration leaders contemplate the inclusion of at least three cabinet members in the proposed commission, and it is possible that the entire membership may be chosen from the president's official family.

Besides the secretary of the treasury it is believed that the secretary of state and the secretary of commerce may have membership.

DENY AIRPLANES USED FOR SMUGGLING

DETROIT, Mich., Oct. 14.—Denial that United States army airplanes had been used for smuggling liquor across the Canadian border, was made here tonight by Capt. C. H. Wells, intelligence officer at Fort Wayne, who recently investigated the destruction of an army airplane on Canadian soil.

The airplane, Captain Wells reported, made a forced landing near Sunnyside, Ont., August 22 and the pilot, Lieut. James Hutchinson, was injured. Later the motor was stolen from the machine and the inflammable parts burned. The plane landed in a district where rum runners operated extensively some months ago.

REAPPORTIONMENT MEASURE OPPOSED BY HOUSE MEMBERS

Recommits Siegel Bill to Census Committee by Close Vote

WASHINGTON, Oct. 14.—The house recorded its opposition tonight to any increase in its membership, committing to the census committee by a vote of 146 to 142 the Siegel bill to increase its size from 435 to 460 members.

The vote was taken on motion to recommit offered by Representative Fairfield of Indiana, a Republican member of the census committee after nine hours of debate and wrangling over parliamentary procedure.

Previous to recommitting the bill, the house rejected 140 to 146 an amendment by Representative Parham, Republican, California, to authorize reapportionment without any increase in membership. Another amendment offered by Representative Tinkham, Republican, Mass., to decrease the membership to 425 was smothered under an avalanche of "noes."

Eleven southern states, which Mr. Tinkham charged had disfranchised negroes, would have lost thirty-three seats and Massachusetts under his amendment, while a gain of 24 seats would have been split among a dozen states which made considerable gains in population during the last decade. It was the second time within a year that the house has blocked efforts to increase its size.

WESTERN BIG TEN
TEAMS IN ACTION

Illinois-Iowa Game Will Attract
Most Attention in West — Min-
nesota and Ohio Also Meet.

CHICAGO, Oct. 14.—Western
conference football teams tomor-
row will exchange thuds in a se-
ries of games of championship
importance. Foremost among the
contests is that between Illinois
and Iowa at Iowa City. It will be
the first conference test for either
eleven, and both are looked on as
championship contenders.

Iowa, with a 10-7 victory over
Notre Dame last Saturday is con-
vinced that the time has come for
the Hawkeyes to end the three
year string of Illinois victories but
will face the task with an eleven
which has paid in injuries the
price of its sensational victory
last Saturday.

Locke, star full back is not ex-
pected to play tomorrow and A.
Devine one of the best backs in
the conference will go into the
game with his jaw in a brace.

The injuries to these men are sure
to handicap the fast attack with
which the Iowans have threatened
to cause trouble in the game may
also weaken the defense which has
been none too strong.

Illinois facing its first import-
ant game will go into the contest
with its supporters insisting that
the team has been too greatly
handicapped by loss of stars to be
a favorite, but with many outsid-
ers pointing to the large amount
of material available at Urbana
and to the fact that Illinois always
are championship contenders.

Next in importance will be the
game at Columbus between Ohio
State, last year's champions and
Minnesota. Ohio State, defeated
by a minor college last week is not
expected to retain its title this
year and tomorrow's game will go
a long way toward deciding wheth-
er the Buckeyes have any chance
of being a contender, Minnesota,
with an eleven which is certain to
be many per cent stronger than
last year's weak team, will become
a strong possibility in the cham-
pionship race if it can beat Ohio by
a comfortable score.

Wisconsin is expected to have
an easy time with Northwestern
which already has been over-
whelmed by Chicago and Minne-
sota while Michigan should prove
too strong for the non-conference
Michigan Aggies in the contest at
Ann Arbor.

Purdue which made a great
showing while losing to Chicago
after defeat a week previous by a
minor college will clash with Not-
re Dame in a contest which should
definitely determine the
strength of each.

Chicago has no game, but the
squad will go thru a stiff scrim-
mage in preparation for the game
a week from Saturday with Prince-
ton. Indiana also is idle.

MURRAYVILLE TEAM

Wins Basketball Game by Score
of 28 to 21—Short Stars for
Murrayville, Seymour and Reid
for Franklin.

MURRAYVILLE, Oct. 14.—
Franklin high school defeated
Murrayville high school at basket-
ball here this afternoon by a score
of 28 to 21.

The game was played on the
outdoor court and was fast thru-
out. Both teams displayed good
form for so early in the season
and give promise of developing
into two of the strongest teams in
the county.

Short was the scoring star for
Murrayville, while Seymour and
Reid did the best work for Frank-
lin. The lineups:

AUGUSTANA WINS
FROM WESLEYAN

Losers Were Unable to Solve
Minnesota Shift — Wesleyan
Player Gets Broken Leg.

Bloomington, Ill., Oct. 14.—The
heavier Augustana football team
outplayed and outbought the Illi-
nois Wesleyan team here today
winning 14 to 0. Wesleyan
seemed unable to solve the Minne-
sota shift which the Swedes used
and the Augustana backfield
made gains almost at will.

Penalties proved of great as-
sistance in keeping the Augus-
tana score down their backfield in
motion often before the ball was
snapped. Wesleyan failed to use
its backfield relying mainly on
forward passes and kicking.

Augustana kept the ball in its
possession most of the game.

Jerome VanMeter was clipped
by an Augustana player, both
bowed in his right leg being snap-
ped.

The Jacksonville high school
football team faces one of the
hardest games of the season to-
day, when they meet the Lincoln
eleven. The strength of the Lin-
coln team is practically unknown,
except that they defeated Normal
high school last week.

The high school team will leave
early in the morning over the Wa-
bash, going from Springfield to
the scene of battle via the I. T.
S. Coach Mitchell will take with
him the following players: Put-
nam, H. Hopper, R. Arnold,
Hackett, Kamm, E. Arnold, Goe-
bel, Hunt, Arter, Corbridge, C.
Hopper Bracewell and Kuppler.

The second team eleven also
has a game for today with Ver-
sailles. The second team is a
scrappy organization and gives a
good account of itself, so a good
game is expected there.

The men who will go to Versailles are:
Hoagland, Bracewell, M. Johnson,
Woods, Deatherage, Sanders,
Yates, Jack Benson captain, Kel-
ly, and Nunes, with W. Johnson
Souza and Smith as substitutes.

ILLINOIS NORMAL
THIS AFTERNOON

Teachers Team Will Play Illinois
College on Illinois Field—Game
Starts at 3 O'clock.

Perhaps one of the best games
on Illinois schedule is that this af-
ternoon between Illinois Normal
and Illinois college.

The teachers have probably one
of the strongest teams in several
years and are coming to put up a
scrapy fight. An Illinois college
student who spent last Sunday in
Normal brings word that a special
car will bring a band of Normal
rooters to the game.

Coach Harmon has been drilling
his men hard during the week in
preparation for this contest and
with the exception of bruises the
men are in good shape. With the
return of "Nellie" Jones and Fer-
reria making up his studies and
removing his ban Illinois will be
materially strengthened especially
in the back field.

Play will be called at 3 o'clock
sharp. Muhl, former coach of Illi-
nois Wesleyan will referee while
Moon of Peoria will umpire. Lar-
son will act as headlinesman. The
college band and students will
make a parade in the business
section this morning and there
promises to be plenty of pep in the
bleachers this afternoon. The
probable lineup of the teams fol-
lows:

PRINCETON PLAYS
NAVY IN EAST

Is Hardest Game of Any Eastern
Team—Other Teams Should
Not Have Much Trouble.

NEW YORK, Oct. 14.—Prin-
ceton's engagement with the Navy
at Annapolis and five intersec-
tional games furnish the principal
interest in the East's football pro-
gram tomorrow.

Navy's eleven have shown
greater strength and dash than in
1920, when the Tigers scored two
touchdowns and held the Middles
scoreless.

The Princeton organization
while possessed of all of its 1920
qualities, has been slow of devel-
opment this fall. The Annapolis
squad to the contrary has pointed
for the Tigers and is expected to
be at the height of its game.

sity, Washington and Lee, Rut-
gers, Dartmouth, Tennessee, Wa-

KENTUCKY MEET
COMES TO CLOSE

LEXINGTON, Ky., Oct. 14.—
The forty-ninth annual meeting of
the Kentucky Trotting Horse
Breeders' association came to a
close this afternoon with the 2:05
and the 2:01 pace as features.
Each proved a good contest, Jane
The Great winning the trot after
losing the first heat to Kilowatts
and Sanardo capturing the pace
after finishing third in the second
heat, won by Hal Mahone.

WORLD'S SERIES NETS

UNCLE AM \$90.043
New York, Oct. 14.—The
world's series netted Uncle Sam a
handsome profit, but not so much
as the Dempsey-Carpentier boxing
bout.

Frank K. Bowers, collector of
internal revenue announced to-
night that the tax collected on the
eight world series games amounted
to \$90.043. The bout brought in
\$158,994.77 in taxes, he said.

Twelve field inspectors of the
revenue department kept tally on
the attendance at the ball games
and checked off the sales of tick-
ets with the baseball manage-
ments.

All wool suit or overcoat
tailored to measure \$19.75,
\$22.50, \$28.75 and up. Trous-
ers \$4.75. See our line to-
day. Open evenings.

realization of the fact that the
whole of industrial activity have
been slowed down to a point
which brings depression and dis-
tress to the entire public and
that something must be done to
start them again in operation.

The statement then gives a
lengthy review of railroad finan-
ces and declares that "it is man-
ifest that the recent reductions
of wages authorized by the labor
board in no sense meets or solves
the problem of labor costs and in
no way makes it possible for the
railroads to afford reduction in
their revenues."

The statement points out that
many roads voluntarily have
voluntarily made freight rate re-
ductions and adds that the rate
of return earned by the roads in
1920 on the basis of investment,
was only 0.32 per cent.

SEEKS TO REDEEM
TITLE TO LAND

In the office of Circuit Clerk
Wanamaker Friday a bill to re-
tain property was filed by George
P. Brown directed against W. H.
Lindsay et al. The bill, which
was filed by J. O. Priest, indicates
that the complainant is now living
on 77 acres of land described as
part of the north half of the south-
west quarter of 29-16-11, on
which he borrowed in September,
1918, from Mr. Lindsay the sum
of \$15,800.

According to the bill a deed
was given with the intent that it
should serve as a mortgage to pro-
tect the interests of Mr. Lindsay,
that certain payments were made
and that because of the default of
one of the defendant now claims
legal title to the property. Mr.
Brown avers that the property is
worth about \$24,000 and claims
under the agreement the right to
retain the property.

WILSON & SONS' HOGS
TOPPED THE MARKET

The St. Louis live stock report
recently contained the following
about a shipment of hogs made
by J. W. Wilson and son, of this
county:

"J. W. Wilson & Son, breeders
of pure bred Poland China hogs
in Morgan county, Ill., was on
the market today with 125 head
of his own raising and feeding
that sold at \$8.95, the top of
the market. They averaged 195
pounds. These hogs were far-
rowed the latter part of March
and ran on clover with self feeder
of corn, and later turned out in
the cornfield."

KEEP LOOKING YOUNG
It's Easy—If You Know Dr.
Edwards' Olive Tablets

The secret of keeping young is to feed
young—to do this you must watch your
liver and bowels—there's no need of
having a yellow complexion—dark circles
under your eyes—no need of looking
old in your face—All this can be
prevented by taking Dr. Edwards' Olive
Tablets. Your doctor will tell you that
over 90 per cent of all diseases come from
inactive bowels and liver.

Dr. Edwards, a well known doctor
in Ohio, perfected a vegetable
preparation mixed with olive oil and
liver and bowels, which he gave to his
patients for years.

Dr. Edwards' Olive Tablets. Can be
taken for colic, gas, constipation, bilious-
ness, indigestion, etc. They are
action yet always effective. They bring
about that natural brightness which all
should enjoy by toning up the liver and
clearing the system of impurities.

Dr. Edwards' Olive Tablets are known
by their olive color, 15c and 30c.

ALTAR SOCIETY OF
ALEXANDER CHURCH MET

The ladies of the Altar society
of the Church of the Visitation in
Alexandria, held a regular meet-
ing Thursday afternoon at the
church. The roll call showed a
very good attendance of members.
Two very interesting papers were
given, one by Mrs. Henry Ridder
and the other by Mrs. Joe Zel-
lar. Rev. Father Lucius made a
brief talk on the uses of altar
linens and the altar stone.

Following the program came a
social hour, when the hostesses
served refreshments. The host-
esses were Mrs. Martin Hohman,
Mrs. Joseph Ludwig, Mrs. Wil-
liam Ludwig, Misses Theresa
Hermes and Regina Ridder.

Miss Zula Worrell was a city
arrival from Murrayville yester-
day.

Friday evening at the home of
Miss Marie Moss, north of Alex-
ander. The young people, twenty-
five or thirty in number, were
chaperone by Mr. and Mrs. Neal
and Mrs. Bert Davenport. Fol-
lowing the serving of an appetiz-
ing supper, some time was spent
socially and then the merry-
makers returned to their homes.

MATERIAL ADVANCE IN WHEAT PRICES

(By The Associated Press) CHICAGO, Oct. 14.—Belief that the government report to the government on stocks of wheat in all positions would prove bullish had much to do with a material advance in wheat prices. The market closed strong, 2 1/2 to 3 1/2¢ net higher, with December wheat \$1.15 1/2 to \$1.15 3/4 and May \$1.13 1/2 to \$1.13 3/4. Corn gained half a cent to 1¢ and oats finished unchanged to 1¢ up.

In provisions the outcome varied from a decline to a like advance. Estimates as to the amount of wheat which the government report would show to be on hand ranged from 500,000,000 bushels to 550,000,000 bushels, whereas the total last year was 608,000,000 bushels and two bushels to 550,000,000 bushels.

Word that exporters had taken 500,000 bushels of durum and cargo of hard winter tended further to strengthen the market and too dry weather complaints from parts of Nebraska and Kansas on the other hand, announcement of a railroad embargo against Galveston was largely offset by news of an active milling demand for wheat in the southwest.

Under such circumstances bulls had a decided advantage during the last half of the session. Moderate declines earlier were ascribed chiefly to contentions that the present warehouse supply of all grain was excessive.

Corn developed firm with wheat and as a result of gossip that through wide areas the burning of corn as fuel this winter had become a practical certainty.

Oats sympathized with corn. Higher quotations on hogs helped to steady provisions, except that smaller packers selling forced October lard and October ribs to a new low level for the season.

Chicago Livestock Market (By Associated Press) Chicago, Oct. 14.—Cattle—4,000 beef steers strong; spots higher on choice corn fed; top yearlings \$10.50; choice 1.631 pound steers \$9.55; bulk beef steers \$6.25 to \$9; she stock and bulls slow about steady; calves stockers and feeders steady.

Hogs—18,000. Better grades 10¢ to 15¢ higher, others steady to 10¢ higher. Holdover moderate, top \$8.60; bulk light and light butchers \$8.30 to \$8.60; bulk packing sows \$6.75 to \$7.40; pigs steady to 25¢ higher. Bulk desirable \$8.25.

Sheep—14,000. Native lambs steady to 25¢ lower; westerns 15¢ lower; fat sheep and feeder lambs steady; native lamb top \$9.75; westerns 9¢; fat ewes mostly \$4.50 down; small choice lambs carrying some yearlings \$5.25; few feeder lambs \$7; no strictly choice on sale.

TOLD ROTARY ABOUT VALUE OF LIBRARIES

Miss Ahern Makes Informing Address—E. M. Spink Gives Interesting Figures on Red Cross Work.

Members of the Rotary club at the luncheon yesterday were interested in the brief address made by Miss Ahern of Chicago on "The Value of Public Libraries." Miss Ahern has been in library work for more than twenty-five years and as a representative of the library association, was overseas during the war.

Vincent Riley presided during the session and presented as other guests of the day, Mrs. J. G. Ames, W. A. Berryman and James G. Strawn. Mr. Berryman made a statement with reference to the value of an automobile club and the opportunity there is for service here in Jacksonville. He had previously presented the case to the Kiwanis club and was there referred to the proper committee. After Mr. Berryman's statement with reference to the case, President Riley referred the matter to the committee on public affairs, for a report.

Earl M. Spink, who was a delegate to the national convention of the Red Cross, made a five-minute report and W. E. Sullivan told something of a recent automobile trip to Oklahoma. His statement had particular reference to the improvement in road conditions noticeable in that state in the past few years.

Miss Ahern suggested that the library may readily be made of practicable value to the community and said that far too many citizens fail to understand just the functions of a library and do not avail themselves of reference opportunities that are there possible. This practical side was suggested in addition to the value there is in a literary and educational way, with the great men of all time ready to give their wisdom to those of the present day who are willing to turn the pages.

In his statement, Mr. Spink gave some figures to show how the work of the Red Cross is continuing. In the first ten months after the war here in Morgan county, the average number of soldiers or their dependents whose cases came up for consideration and action was 120. In the last ten months the average was ninety-four, and during September of this year the total number was 122. In addition to ten civilian cases given helpful attention, Mr. Spink impressed the thought that the war had been possible to give the assistance needed without organization effort.

President Riley and Secretary Koppert intended to make a report of the recent Rotary conference at Champaign, but postponed their statement until a later meeting.

CHESTER CADE DIES AT WATERLOO

Former Murrayville Man Passes Away Thursday—Was Ill Only Short Time.

Relatives here have received word of the death of Chester Cade which occurred at a hospital in Waterloo, Ia., Thursday afternoon at 5:30 o'clock.

Death resulted from spinal meningitis after a brief illness. Mr. Cade was thirty-one years of age August 31. He was born and raised in Murrayville. Six years ago he went to Iowa where he has since resided. During the world war he was in the service and was stationed at Camp Pike, Ark.

Mr. Cade was united in marriage at Des Moines, Ia., to Miss Blanch Firestone, who survives. He also leaves his mother and two half sisters and one half brother.

PROPOSE AUTOMOBILE CLUB FOR THIS CITY

Plans Under Way for Organization to Extend Courtesies to Travelers—Would Aid Good Roads Plans.

The question of the organization of an automobile club has been brought before the Kiwanis and Rotary clubs by W. A. Berryman. Committees from the clubs have the matter under inquiry and will report at an early meeting. Mr. Berryman was greatly impressed with the need of an automobile club here after conversation with the secretary of the Springfield club and securing knowledge of what that organization is accomplishing.

Mr. Berryman has found that a great many tourists fail to stop here because there is no automobile organization to extend them courtesies. Instead they drive to Springfield, Quincy, Alton, Peoria or other cities which might be mentioned where automobilists have organizations. It is the function of associations in these cities to provide information for tourists and to extend them various courtesies.

In other cities the automobile associations have also been very effective in improving the roads, approaching those cities and further in aiding the general good roads movement.

The proposal here is to have a club with a membership of 300 or 400 and an annual fee the first year of \$8. Possibly the fees the succeeding years could be less. Mr. Berryman said that Decatur charges \$5 a year with some extras but that in most cities the membership fee is \$10. Out of the fees a certain part is paid to the state and national organizations but the greater part is kept at home for the organization work. There will be no paid officers other than the secretary.

REV. C. E. FRENCH SOON TO LEAVE

Rev. and Mrs. C. E. French of Virginia were city callers yesterday. Mr. French says he has lived in this vicinity for eighteen years and dislikes greatly to sever any ties in leaving but feels it wise, all things considered to remove to Gibson City where a good field of usefulness awaits him. Our place has received two well known and highly useful men from that place, Rev. Messrs. F. A. McCarty and E. L. Plitcher, both of whom were stationed there as pastors of the M. E. church. A number of the Fox family of Chapin also live there.

Social Events

Is Hostess at Halloween Dance.

Miss Emma Wood entertained at a delightful Halloween dance at a given last evening at her home on South Main street. The affair was in honor of Miss Elsie McCoy of Beaumont, Tex., who is the guest of Miss Edna Carter. Eighteen couples were included in the guest list.

The Wood home had been very cleverly decorated for the occasion. Halloween colors of orange and black were used with black cats, pumpkins, witches and other favors decorating the rooms. An orchestra furnished music for dancing and delicious refreshments were served during the evening.

Besides the guest of honor, Miss McCoy, the list included: Roy Sandberg, Miss Edna Carter, James Guyette, Miss Lulubel Hildreth, Louis Weber, Miss Imelda Schmalz, Harold Sandberg, Miss Opal Brown, Don Ransdall, Miss Mary Young, Sherman Coultas, Miss Helen Baker, Harold Green, Miss Marguerite Corrington, Lee Davidson, Miss Dorothy Weber, Merle Reynolds, Miss Nelle Self, Albert Strausser, Miss Rose Walbaum, John Pyatt, Miss Helen Mandeville, William Rook, Miss Catherine Cain, Edward Mahoney, Miss Clara Rook, Robert Hierman, Miss Catherine Harmon, Arthur Harmon, Mr. and Mrs. Burrus and Turner Cully.

Charles Lent, Jr. Celebrates Birthday.

Little Charles Lent, Jr., celebrated his third birthday yesterday afternoon at a party given for him by his mother, Mrs. C. W. Lent, at the home on South Prairie street. A number of the little kiddies were invited and they spent the afternoon playing games. The Halloween idea was carried out in pretty little favors and caps given to each guest. The hostess served dainty refreshments in the afternoon. Mrs. Carl Robinson and Mrs. James Mahon assisted Mrs. Lent in entertaining.

Miss Dorothy York Gives Dance at Colonial Inn.

Miss Dorothy York, daughter of Mr. and Mrs. Carl York, gave a dance at Colonial Inn Friday evening. About forty of her friends were present. Those assisting in entertaining were Mrs. Walter Martin and Mrs. Clarence York.

High School Seniors Enjoy Weiner Roast.

The senior class of the high school went out to Dunlap's springs last evening and enjoyed a weiner roast and a general good time. Nearly every member of the class was in the party which left the school about 5 o'clock and drove out to the springs in cars. Big fires were built and weiners and marshmallows were roasted and hot coffee made. Miss Kent, the class advisor and a number of other members of the faculty were special guests of the seniors. The committee in charge of the transportation and the eats was chairmaned by Virginia Cummings and included Dorothy Randle, Bella Palmer, Clarence Wilson and Clifford Sibert.

Mrs. Alex Platt Hostess to Club.

Mrs. Alex Platt entertained the members of the South Side circle yesterday afternoon at her home in Routt street. The paper of the afternoon was read by Mrs. J. W. Sperry and was on the subject of "Community Women," taking up the obligations of the modern woman who is truly a part of the community in which she lives. Miss Nellie Self sang a group of songs and Miss Clara Ranson played some selections on the piano. During the social hour following the program, refreshments were passed.

Guests at yesterday's meeting were Mrs. C. E. Robertson, Miss Clara Ranson, Mrs. James Self, Miss Nettie Platt and Miss Nellie Self.

Bridal Dinner for Ethnie-Popejoy Party.

A bridal dinner was given last evening at 6 o'clock by Mrs. Donald Butler and Mrs. Frank Piep-burn at their home on South Main street. The event was in honor of the members of the Ethnie-Popejoy wedding party. The wedding will be solemnized next week. The house was tastefully decorated in pink and white and a 6 o'clock elegant four course dinner was served. The guest list included the bridal party and their families. Miss Lucile Sheehan is to be the maid of honor and Frank Bonansinga, the best man.

Miss Wiswell Honored at Bridge.

Mrs. Earl Wiswell and Mrs. Edward Sturgeon entertained at bridge yesterday afternoon at the home of Mrs. Wiswell on West State street, in honor of Miss Lura Wiswell, whose marriage to Loren Sackett, of Morris, Ill., is to be an event of the near future. Six tables of guests were invited to the affair.

Artistically arranged garden flowers added to the charm of the Wiswell home. Following the hours of playing a dainty luncheon was served.

The first prize was won by Mrs. A. R. Gregory and Mrs. H. K. Chenoweth received the second prize. The guest prize was given to Miss Wiswell.

A Sunday School Class Wiener Roast.

A flourishing Sunday school class is that taught by Mrs. Fred Neal in the Alexander Methodist

church. Yesterday afternoon, the class, together with the teacher, went to the home of a member, Miss Marie Moss, three miles north of Alexander, and there had a very jolly time. A weiner roast was a prime feature of the occasion and all was merriment and a good time. Miss Martha Mason of this city was present as a guest.

G. A. R. and W. R. C. Unite in a Good Time.

Yesterday afternoon the Woman's Relief Corps of this city, had the pleasure of a visit from Mrs. Flo Jameson Miller, of Monticello, district president, who was here for the purpose of inspecting the body. A good number of the ladies attended and the occasion was one of great pleasure and profit. Mrs. Miller found affairs generally in good condition and complimented the members on their organization, but at the same time urged them to double their membership.

She said there was no other body to do the work for the civil and world war veterans and she especially implored each member to bring in one new one during the year so that at her next visit she might find double the number attending and belonging that are members now. She spoke eloquently of the work of the order and her visit generally was an inspiration. At the close the ladies and the members of Matt Starr post, G. A. R., were invited to the banquet hall and treated to delicious refreshments, which they fully enjoyed and appreciated.

Ladies' Aid of Hebron Church Meets.

The Ladies' Aid of Hebron church held a meeting Friday afternoon at the church. There were ten members present. The program was as follows:

Song—"What a Friend We Have in Jesus." Scripture lesson by Miss Hattie Jumper. Lord's Prayer.

Following the program an election of officers was held with the results as follows: President, Mrs. Walter Wheeler; vice president, Mrs. Albert Swain; secretary-treasurer, Mrs. Dan Ward.

The hostesses for the afternoon were Mrs. Frank Hunter and Mrs. Albert Swain, who served delicious refreshments. After the election of officers and the program, the members of the society indulged in sewing pillow cases for the Passavant hospital. The next meeting will be held at the church November 4.

Ebenezer Epworth League Entertains.

The Ebenezer Epworth League entertained the members of the Epworth Leagues of Grace M. E. church, Alexander M. E. church and the Virginia Methodist church at the home of Edmund Dinwiddie. The entertainment was termed a Forest Frolic and was held in the thirty acre timber adjoining the Dinwiddie residence. Over one hundred guests enjoyed the Frolic and the hunt for which the gathering was divided into two sides.

Harlan Williamson, president of the Grace church league, was present with about thirty of his members. Alfred Pratt took the delegation from Virginia and Rev. Samuel Graves of Alexander came in charge of the Alexander church representatives. Rev. and Mrs. F. E. Bracewell of this city were also present as guests of this unique affair.

To the host, Edmund Dinwiddie, belongs most of the credit for the enjoyable time. He made most of the arrangements and was ably assisted by some of the members of the Ebenezer League.

Sorosis Met Friday Afternoon.

Sorosis met yesterday afternoon at the home of Mrs. Vorce Buzard, on West College. The club will devote itself to the study of the American Arts and Letters since 1870 this year. The topic for the day was "The Beginning of the New National Literature," Mark Twain. Mrs. W. H. H. King had the subject and also reviewed briefly two books by Mark Twain, "Life on the Mississippi" and "Puddinghead Wilson." After the program a general discussion was in order. The meeting adjourned with the usual social time.

FIRE DAMAGES WAREHOUSE FRIDAY.

The warehouse belonging to the Jacksonville Railway and Light Co., located just east of the power plant on South Main street, was badly damaged by fire yesterday noon. The firemen had a half hour's hard work before the blaze was extinguished. It is thought that it was caused by defective wiring.

The building was used as a storehouse for gas and electric fixtures and wire so that most of the contents were of non-inflammable material. The building was damaged to the extent of several hundred dollars.

Charivari and Shower for Mr. and Mrs. Austin Cockerill.

Wednesday evening at 8 o'clock about forty-five neighbors and friends gathered at the home of Mr. and Mrs. J. T. Ranson and charivariated Mr. and Mrs. Austin Cockerill, who were recently married. Dancing and card playing were the main features of the evening. All brought well filled baskets and later in the evening dainty refreshments were served. Mr. and Mrs. Cockerill received many useful gifts. All departed at a late hour, wishing Mr. and Mrs. Cockerill a long and happy married life.

MEYERS BROTHERS

WILBUR ROGERS IN FIREMAN ROLE

Wilbur Rogers of Waverly, son of W. B. Rogers of this city, probably saved the residence of his uncle, Richard McConnell, of Waverly, from destruction by fire Thursday evening. Young Rogers was just leaving the McConnell residence when he noticed the fire on the roof. He rushed in and informed the family and he and his uncle placed a ladder against the house. Rogers then climbed up with a bucket of water and extinguished the flames. The fire department had arrived by that time but was not needed.

STREAM OF LIFE

Endorsed as best religious motion picture ever made, by clergy, laymen, trade and press. James L. Hoff, Moving Picture World, says: "As a production, I believe 'The Stream of Life' to be a new note in pictures equally as great as Griffith's Birth of a Nation."

Rev. Harry L. Everett, D. D., First Congregational church, Jersey City, N. J.: "For the second time within a year 'The Stream of Life' has been shown in the People's Palace. This time it was given to a congregation of five of the largest churches in Jersey City, and I may say that the vast audience left the auditorium spell-bound."

New York Globe: "The Stream of Life" preaches a telling sermon."

The New York Telegraph: "The keynote of 'The Stream of Life' is its human appeal, its sympathetic interest. No matter what one's faith or belief may be,

he cannot fail to be impressed by the picture and few will be able to watch it with dry eyes."
